[Mr. R. Nilacanta Pillai.]

21. *Industries.*—The Sales Depot at Trivandrum is being taken advantage of by private individuals and institutions as an advertising agency for the popularisation of the products of their cottage industries and provision has been made for its continuance next year. The Trade Agent at Bombay entered upon his duties in Meenam last. He has begun work by opening a Sales Depot at Bombay, which is to serve as a central agency for the collection of Travancore products for distribution in the British Indian markets. The first instalment of consignments of ivory goods from the School of Arts, coir mats and mattings from Paravur and cashew-nuts from Quilon, has already been despatched to the Depot. It is proposed to continue the Trade Agent and his staff during the next year also. The various industries mentioned in my Budget speech last year promise to thrive well. Though the 'Dyeing and printing' section started work only at the beginning of this year, it is now supplying all the dyed yarn required for the use of the weaving sections of the Industries department as well as of the Central Prison. There is a good demand from outside markets for rattan articles and a large number of articles of improved pattern have been made and supplied during the course of the year. The carpet-making looms in the School of Arts have been repaired and got ready for work. The manufacture of carpets has already been taken up. The Embroidery and the Lacquer work sections are also doing fairly good work. The continuance of these minor industries has been provided for in the Industries budget. The Experimental Tannery at Karamanai which was being continued on a temporary basis from 1100 is proposed to be abolished from the beginning of the next year.

22. *Medical, Public Health and Sanitation.* The allotment for the next year is Rs. 12·27 lakhs. It is proposed to abolish the posts of the two Deputy Darbar Physicians. The Darbar Physician will, in future, be the sole Head of the Medical department, though he will continue to be the principal Medical Officer of the General Hospital as well. His designation will be changed into "Darbar Physician and Superintendent, General Hospital." During his absence from head-quarters on tour, the General Hospital will be under the charge of one of the Medical Officers attached to that institution, who will be designated as "Assistant Superintendent, General Hospital." The Assistant Superintendent will not only be responsible for the efficient conduct of work in the institution during the Darbar Physician's absence on tour, but will also attend to such duties, as may be assigned to him by the Darbar Physician even when the latter is at head-quarters.

Besides for the continuance of the special temporary staff of Medical Officers for Leprosy work and of the additional subordinate staff in the Kayencolam District Dispensary for the same purpose, provision has been made in the Medical Budget for the appointment of a small additional staff for hospital work. In view of the increasing attendance at the Ayurveda Hospital, provision has been
